

JASON LIPSCOMB

Productivity Improvement Specialist

With a passion and talent for developing people and teams to reach their top level of performance, Jason has extensive experience in andragogy (theory and practice of teaching adult learners), learning theory, and manufacturing engineering. He is a retired U.S. Army Infantry Officer and decorated combat veteran who understands very well the value of growing and investing in people to enhance organizational performance and teams. Jason believes the greatest reward in education is that the harder you work, the better you make someone else.
